## FINANCIAL STATEMENT.

BRAZOS COUNTY'S CONDITION, FINANCIALLY, IS  
MOST SATISFACTORY--REPORT TO DIS-  
TRICT JUDGE SCOTT BY THE FI-  
NANCE COMMITTEE.

The finance committee appointed to examine the county's books as  
kept by the different county officers and report to the district judge the  
condition of the county's affairs, have turned in their report, which is on  
file as a public document, in the office of the district clerk. Following is  
a substantial reproduction of the report, some non-essential details only  
being omitted. In some parts words are added to make the meaning of  
the report clear to the casual reader:

report, sundry items, amounting to a total of  
\$125.92]

The third class, special fund owes sinking fund  
\$700.00. The Sinking fund owes the Road and  
Bridge fund \$109.21.

The fines of convicts sent to the roads during

the four years covered by the report amounted  
to \$1,388.50.

The expense of the road force [for pay of sup-  
erintendent, guards and maintenance during the  
four years] was \$9,563.70.

Estimated value of the road property [which  
may be taken as a credit against the expense  
item above] \$1,385.95.

The report is signed under oath by  
W. E. Saunders, Ed Hall and M. F.  
Damsby.

### Comment on the Report

This report deals principally with  
the work of the committee in bal-  
ancing and checking up the books of  
the several departments of the county  
government. The results shown  
are creditable to the county officials.  
Considering the length of time that  
has elapsed since the former exami-  
nation of the books, the number of  
errors discovered and the total  
amount of the discrepancies are  
small indeed. The showing of fines  
collected and not paid to the treas-  
urer is the most vulnerable feature  
of the administration of the county's  
affairs, as shown by the report. In  
some of these cases, errors have oc-  
curred, such as are likely to occur in  
any business affairs, and others the  
fines were never actually collected  
by officers, for reasons satisfactory  
when explained in detail. However  
the report is a public document, the  
cases in which fines are due the county  
are plainly cited, and any one who  
desires can call for the document and  
easily trace up the responsibility in  
each case.

The report by inference, at least,  
shows that the county is out of debt,  
with \$9,638.38 on hand in the differ-  
ent funds, (aside from the avail-  
able and permanent school funds  
and sinking fund, which, if added,  
as in the report, make a total of  
\$32,064.87.) This is a gratifying im-  
provement in the state of the  
county's affairs when this report is  
compared with the last previous re-  
port of this kind, made August 18,  
1898. Then the unpaid scrip out-  
against the county, whose value was  
at a discount amounted to \$12,676.78,  
while the money in the different  
funds to meet it, was \$1,863.88. This  
state of affairs called from the com-  
mittee of that year the remark that  
"the county's finances had been  
very badly managed for some time."

In view of the present state of the  
county's finances, the management  
of the county's affairs may be justly  
said to deserve commendation.

No report is made of the amount of  
ex-officio pay that is allowed differ-  
ent county officers—a subject regard-  
ing which a succinct statement  
should be made once a year, for the  
information of the public. No state-  
ment of the county's bonded indebt-  
edness is given.

Over two thousand dollars per an-  
num is shown to have been expended  
for road force during the past four  
years. This problem of the employ-  
ment of convicts to the best advan-  
tage, without recourse to hiring  
them out (which is in disfavor for  
humanitarian reasons) is a hard one  
to solve. Its satisfactory solution  
lies yet awhile in the future. If the  
roads are materially benefited by  
their being kept there is expensive,  
yet it is doubtless the best way yet  
found for the disposal of these un-  
fortunates.

The report recommends that a fi-  
nance committee be appointed every  
year, and suggests their appointment  
at the March term of district court,  
to report at the September term.

No one can live a true life who  
measures its worth by what others  
do, or think, or say. Be content  
to be yourself, to be self-contained.  
Contentment after doing one's lev-  
el best, brings a poise and sweet-  
ness into the life, a balance to the  
character, which can never devel-  
op under fostering, over-anxious,  
abnormal ambition.—Success.

The Senate has passed the  
Brazos river improvement bill,  
carrying with it an appropriation  
of \$30,000, and the matter is now  
up to the House, before which it  
will come with the approval of  
the committee to which it was  
referred. The bill will very like-  
ly pass.

The house of representatives has been delayed with petitions for and against the Willacy local option law.

The legislators show the human trait as soon as an anti-free pass resolutions is offered. They are reformers all, when it comes to questions of nepotism, etc., said to be indulged by other people, but when it comes to the free pass—that is a dear, sweet treasure that comes right home. It is so hard to give up!

The editor of Harper's Weekly believes in trusts, and thinks the system should be extended to include farming. "Why is a wheat trust, or a corn trust more impracticable than a tobacco trust?" asks the Weekly, and then proceeds to say: "There is no reason to suppose that the monopolization of agricultural products will stop at sugar and tobacco."

Mr. Thomas F. Ryan writes an articles for the North American Review, showing how the democratic party can regain favor in the eyes of the country. It is very kind of him, indeed, to tell us this, but there may be some trifling opposition by democrats to the adoption of Mr. Ryan's plan, the first suggestion in which is the adoption by the party of the protective tariff.

## ALMOST A REPETITION

Ceaseless Calls of the Roll Tuesday in the Lower House.

## SCENE OF MERRIMENT

A Clerk Who Was Formerly an Auctioneer and the Possessor of a Foghorn Voice Causes Considerable Laughter.

Washington, March 4.—Tuesday was almost a repetition of Monday in the house. Slowly but surely through the operation of ceaseless roll calls the conference reports to complete the necessary legislation were ground out and when the house, at 7 o'clock recessed until 10 o'clock only two conference reports on bills were undisposed of—the general deficiency and naval. The Democratic opposition did not abate. During the debate on conference reports members on each side got in political speeches and several times party passion flared up. Just before the recess bedlam broke loose, and there was an exchange of high words between two members on the floor. A personal altercation seemed imminent in the confusion but was averted by the intervention of friends. The actual business done during the eight hours of the day's session consisted of the adoption of the conference reports on the immigration, public building and sundry civil bills, the reference of the president's veto message of a Virginia claim bill to the committee on war claims, the adoption of a resolution to correct clerical errors in the immigration bill and the passage of a senate bill to authorize the treasury department to coin souvenir coins for the Thomas Jefferson Memorial association.

The voices of the reading clerks who officiated Monday having been worn out by the ceaseless calling of the roll, a member of the capitol police force was drafted. He had at one time been a reading clerk of the Maryland house of delegates and later an auctioneer. He had a fog horn voice and in reading figures his tones gradually ascended like an auctioneer in the exercise of his profession knocking down goods to the highest bidder. The members of the house, as well as the spectators in the galleries, were convulsed with uncontrollable laughter, which changed suddenly to hand clappings.

The new clerk, believing that some acknowledgement of this demonstration was due, suspended reading to bow right and left. This grotesque proceeding only increased the merriment and brought down a storm of applause. The confusion became so great that Mr. Goldfogle (N. Y.) protested against the clerk's action as unseemly, and the chair was obliged to admonish members to preserve order.

### DELAWARE SENATORS.

They Were Sworn in Tuesday by President of the Senate.

Washington, March 4.—The final defeat of the Aldrich financial bill was witnessed in the senate Tuesday when it was displaced by the Philippine tariff bill. Mr. Aldrich explained in detail his measure and said that a small number of men in the senate had deliberately, with malice aforethought, murdered it.

One of the features of the session was the fact that for the first time in two years Delaware was represented in the senate. J. Frank Allee and L. Heisler Ball, elected for the long and short terms respectively, appeared in the senate and were sworn in by President pro-tem Frye. Besides the two years that Delaware had been totally unrepresented in the senate there were two years previous to that time when there was a vacancy in one of the seats. Mr. Ball's term of service will expire two years from now, while Mr. Allee has four years to serve. The senate for the first time in four years has its full membership of ninety.

In the course of the debate Mr. Elkins declared that the Republican party had been false to its solemn pledges in three successive platform with respect to statehood for Arizona, Oklahoma and New Mexico, and he said it was the first time that the party had been guilty of filibustering. He declared that upon the Republican majority rested the responsibility for the defeat of several important measures in the senate.

A bill was passed for the appointment of three commissioners from Porto Rico. The bill provides for a report upon the lands claimed by the Catholic church in the island.

### Reached an Agreement.

Washington, March 4.—Conferees of the two houses on the naval appropriation bill reached an agreement at 10 o'clock Tuesday night. The senate surrendered on the principal item of disagreement, the item relating to the increase of the navy. The provision as agreed upon provides for three battleships of 16,000 tons displacement and two battleships of 13,000 tons displacement, and entirely eliminates the provision for cruisers.

### Woman Murdered Burdick.

Buffalo, N. Y., March 4.—The "assailant and murderer of E. L. Burdick, was a woman. Indisputable evidence shows that Burdick was lying on the couch in his room when the attack was made. There was no struggle of moment, the unfortunate man, succumbed almost immediately to the first blow." This was the statement made at police headquarters here Tuesday night.

county Christmas a year ago. Granger  
was shot while resisting arrest in

He was held there on some charge  
and Sheriff Nunn secured him on a

## CAREER IS AT AN END

Senators Whose Terms Have Expired  
by Legal Limitation.

## TWO NOTED PERSONS

Messrs. Vest and Jones of Nevada Are  
a Couple Who Have Long Rep-  
resented Their States in  
the Upper House.

Washington, March 4.—The session  
of the senate Wednesday was interest-  
ing not alone by official proceedings  
on floor of chamber incident to the  
last day of congress, but by many oc-  
currences which were purely social in  
their character, due to the fact that  
the day marked the close of many car-  
eers in the senate. Of the thirty sen-  
ators, whose terms expired when the  
presiding officer's gavel fell at noon,  
thirteen failed to secure re-election,  
either, through defeat or through their  
own refusals to enter contests in vari-  
ous states. Included in the number,  
whose official presence in the chamber  
is no longer to be noted, are six Re-  
publicans and seven Democrats. Two  
senators, Jones of Nevada and Wel-  
lington of Maryland, in recent years  
each supported for a time national  
candidates of the opposing party.

Two other senators Deboe of Ken-  
tucky and Pritchard of North Caro-  
lina, southern Republicans, are suc-  
ceeded by Democrats. The remaining  
two Republicans, Senators Mason of  
Illinois and Simon of Oregon.

Three retiring Democrats—Senators  
Harris of Kansas, Turner of Washing-  
ton and Heitfeld of Idaho—were elect-  
ed as Populists and are all succeeded  
by Republicans.

Senator McLaurin of South Caro-  
lina was elected a Democrat, and while  
still classed as such, acted independ-  
ently during the greater part of his  
term. The other three senators—Vest,  
Jones of Arkansas and Rawlins—from  
first to last have been in the Demo-  
cratic ranks, and Jones and Vest have  
risen to places of conspicuous leader-  
ship in their party.

In Senator Jones of Nevada the sen-  
ate loses one of the two men who served  
that body for thirty consecutive  
years, the other being Senator Alli-  
son. In Mr. Jones the senate loses one  
of its most popular as well as one of  
its most unique members. Senator  
Vest belongs to the last generation of  
senators.

He entered the body in 1877, and  
served for twenty-four years, winning  
reputation for brilliancy of speech,  
classic learning and sharp repartee  
seldom excelled in the senate.

## CANNON TALKS.

His Speech Aroused Weary Members to  
High Pitch of Enthusiasm.

Washington, March 4.—The speech  
of Representative Cannon, chairman of  
the appropriation committee, delivered  
after 8:30 o'clock Wednesday morning  
in the house on the conference report  
on the deficiency appropriation bill  
protesting against legislation by black-  
mail and insisting on the right of the  
majority to rule in the senate, in view  
of the fact that he is to be speaker of  
the next house, is regarded as fore-  
shadowing a contest on this question.  
The scene when Mr. Cannon delivered  
this speech was most remarkable con-  
gress in the house. Late as the hour  
was, weary members were set on fire  
with enthusiasm, and they cheered his  
utterances until the great hall re-  
sounded with their shouts.

## CONGRESS ADJOURNS.

Fifty-Seventh Congress Has Become a  
Matter of the Past.

Washington, March 4.—The Fifty-  
seventh congress adjourned at noon  
to-day.

When the senate met for the last  
time Mr. Cockrell insisted upon the  
presence of a quorum before taking up  
the work of the day. Attendance in  
the galleries was also comparatively  
small.

kill his wife, Fairley's mother, and

of justifiable homicide.

## Wireless Telegraph Station.

Norfolk, Va., March 4.—Preliminary  
surveys and plans have all been com-  
pleted for a wireless telegraph station  
which the navy department is to erect

owns "Sand mountain," on the top of  
which they propose to plant the mast.

### NEPOTISM MEASURE.

The House of Representatives Resolves Against Practice.

Austin, March 4.—The house adopted on Tuesday the nepotism resolution after discussion. Amendments were adopted so as to include the members of the legislature, the railroad commission and the superintendent of public buildings and grounds.

The speaker laid before the house concurrent resolution by Messrs. Hodges and Duff to amend the constitution of Texas to provide for the creation of corporations with banking, discount and trust privileges, amended in committee to prescribe the liability of shareholders, provide for the regulation of such corporate bodies, and prohibiting foreign corporations with such powers to do business in the state.

The committed substitute was adopted for the original resolution. Passed to third reading.

Many petitions were read. Senator Davidson of DeWitt called joint resolution providing for a constitutional convention, with adverse minority report and majority report, with amendment, giving lien on homestead for street and sidewalk improvements. Amendment defeated.

Senator Harper secured the adoption of an amendment providing that the proposition shall be submitted at the general election in 1904, instead of 1906.

Senator Henderson offered an amendment to include in the oath an obligation to vote for the present constitutional provision prohibiting the garnishment of wages. Adopted. The resolution was engrossed, 15 ayes, 12 noes.

### PAST MASTER GOUGH.

He Pleasantly Surprises His Odd Fellow Brethren.

Dallas, March 4.—Past Grand Master Gough of McKinney, who was supposed to be having his eyes treated at an Austin sanitarium, was present at the meeting of the Odd Fellows' grand lodge Tuesday afternoon and given a rousing welcome.

A proposition was submitted by delegates from Corsicana lodge, which offered to donate a fine lot in that city, provided the grand lodge would set aside \$10,000 for the erection of a lodge building on it, and would arrange for the removal of the office of the grand secretary of that city. The matter was deferred until Wednesday.

The second day's session of the Rebekah state assembly was called to order by the president, Mrs. M. E. Wiley, of McKinney. The morning session was taken up with the discussion of new by-laws, the report of which was submitted by the proper committee. They were referred to president, vice president, warden and treasurer. ### GOT AN ORDER.

President Ramsey Temporarily Prevents the Threatened Strike.

St. Louis, March 4.—An injunction granted by Judge Adams of the United States district court prevented the culmination Tuesday of the threatened strike of the 1100 firemen and trainmen of the Wabash railroad for higher wages. As the result of the poll during the past week among the employees over the question of striking in case President Ramsey ultimately refused to grant demanded wage concessions on the Wabash east of the Mississippi river, the engineers and conductors refused to participate in a strike, but the firemen and trainmen favored it emphatically. Their committees Monday notified President Ramsey that he would be given until noon Friday to grant their demands. If by that time he still refused a strike would be immediately called.

Tuesday afternoon President Ramsey requested a little time and the two committees granted him until 5 o'clock to make a final reply. Before the allotted time had expired President Ramsey had secured a restraining order from the court and it had been served on all the officials of all the orders and members of the grievance committees. The injunction was a most sweeping instrument and effectually blocked any strike proceedings.

Ardmore, I. T., March 4.—Engineer Hans Nelson, in charge of a wrecking train, which came up from Gainesville Tuesday, was killed here that afternoon. He was at work attempting to clear the track of a demolished boxcar and while turning the crane of the wrecker the engine and car turned over, catching Nelson underneath. The water scalded him, and together with the great weight upon he lived only three-quarters of an hour after being taken out.

"Never will you find the gold Democrats carrying any Democratic convention of national importance. The very idea is absurd."
